PROFESSIONAL SUMMARY

Full Stack Developer with **7+ years of experience** delivering enterprise applications across **fintech, healthcare, and education**. Experienced in Angular, Python (Django), .NET, SQL Server, Azure, and AWS, with expertise in building AI-powered solutions using LangGraph, RAG, Azure AI, and Vector search. Passionate about designing scalable, cloud-native applications and leading projects from architecture to production.

TECHNICAL SKILLS

- **AI & LLMs:** LangGraph, RAG, Vector Search, Prompt Engineering, Azure OpenAI, Azure AI Foundry
- **Frontend Development:** TypeScript, Angular (v18+), HTML5, CSS3/Sass, JavaScript (ES6+)
- **Backend Engineering:** Python (Django), C#, ASP.NET Core / .NET, RESTful APIs, Autho
- **Database:** SQL Server, PostgreSQL
- **Cloud & DevOps:** Azure, AWS, Azure DevOps, CI/CD
- **Developer Tools:** Git, Jira, VS Code, Visual Studio, Postman
- **GIS:** ArcGIS

PROFESSIONAL EXPERIENCE

RCKR Softwares - Bangalore, India | Senior Full Stack Developer **2019 – Present**

- Delivered enterprise software solutions for clients across the **US, Canada, and India**.
- Recognized as the **Best Quarterly Performer (Q2 2022)** for outstanding technical contributions and project delivery.

KEY PROJECTS

Appalachian Community Capital – US **2024 – Present**

- Lead Developer & Team Manager | **Angular 18, Python(Django), SQL, Azure**
- Led a team of 4 to design and develop a **financial platform connecting CDFIs with small businesses seeking funding**.
- Designed the **application's architecture** and implemented the end-to-end solution, including **responsive UI/UX** across the portal.
- Developed an **AI-powered chatbot using LangGraph, Azure AI, and RAG with vector search** to provide context-aware responses from enterprise knowledge.
- **Integrated ArcGIS** to deliver interactive maps, geospatial analytics, and location intelligence features.
- Implemented scalable cloud solutions using **Azure Storage, Service Bus, Function Apps, Application Insights, Azure AI, and Azure Communication Services** for asynchronous processing, monitoring, document management, notifications, and AI capabilities.
- Built and maintained **CI/CD pipelines using Azure DevOps**, ensuring reliable deployments and production monitoring.

TruBridge / Get Real Health — Alberta, Canada

2022 – 2023

- Full Stack Developer | **Angular, .NET, C#, SQL**
- Developed features for a **healthcare coordination platform** used to **manage patient data and health insights**.
- **Integrated Apple HealthKit** to securely synchronize real-time health and fitness data, enabling enhanced patient monitoring and reporting.
- Designed and implemented REST API integrations to ensure reliable and secure data exchange between mobile applications and backend services.
- Enhanced application performance, usability, and data visualization by developing **responsive UI components** and improving user workflows.

priFact — Bangalore, India

2019 – 2022

- Full Stack Developer | **Angular, .NET, SQL, AWS**
- Developed a **multi-tenant SaaS platform** enabling schools to manage students, teachers, courses, and administrative workflows.
- Gathered client requirements and translated business needs into scalable software solutions and new product features.
- Designed and developed core modules including user management, reporting, notifications, and communication tools.
- Leveraged **AWS services including S3, Lambda, and CloudWatch** for file storage, serverless processing, monitoring, and application reliability.
- Managed deployments, client onboarding, production support, and feature releases in a fast-paced agile environment.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Graduated: 2019

Government Engineering College — Thrissur, Kerala, India | CGPA: 8.2 / 10.0
